

INVEST IN BRIGHT FUTURES

INVEST IN BRIGHT FUTURES

THE COMPANY

TPM is a novel concept with a unique business model credited with acquiring, nurturing and supplying successful brands in Baby Healthcare, Consumer, Pharmaceuticals and Sports Nutrition categories in the region.

With footprints in all major countries of the Middle East and with a number of brands under our wings, we have the vision, expertise and network to introduce brands to newer markets and chart a roadmap to success for sustained growth in the region.

TPM represents and endorses brands outside the geographical territories of their origin through controlled ownership and provides them the impetus to grow in new markets. From product development to packaging, sampling to selling and marketing to merchandising, TPM proactively builds on brand attributes to chart a precise trajectory of growth, unique to each brand.

Headquartered centrally in Dubai, UAE, and associated with international brands across diverse categories, we at TPM, know exactly what it takes to make every brand a household name in the region.

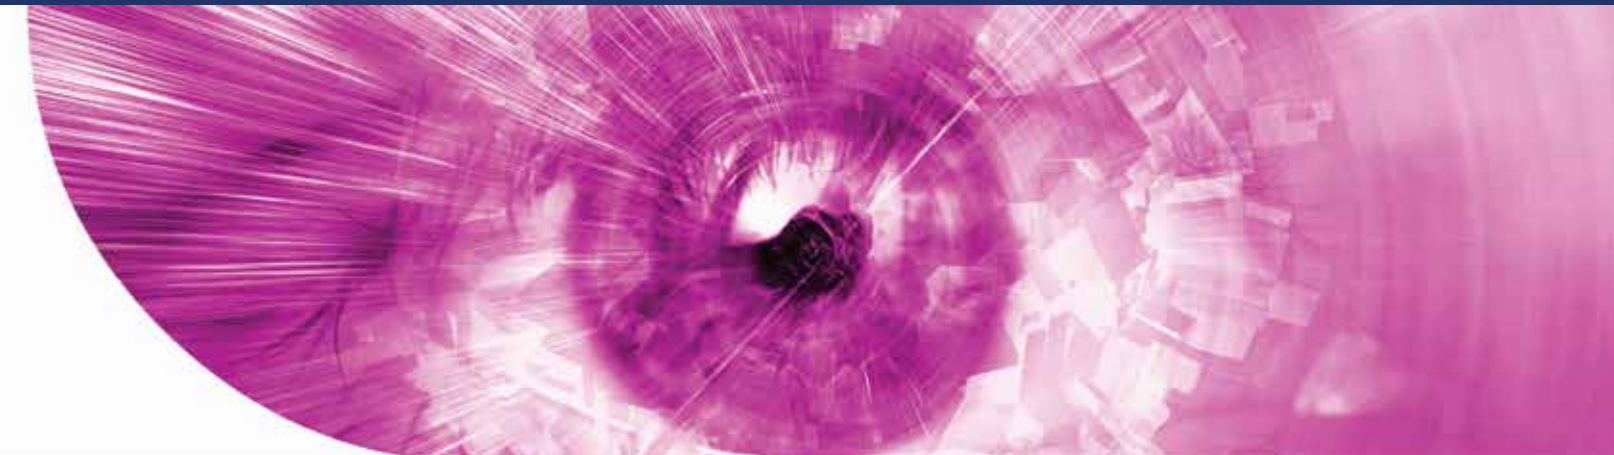

MISSION

We aspire to provide people, in the region where we operate, with the best in class healthcare and consumer products helping them lead a better life. We deliver entrepreneurial success through innovation and high-quality standards.

VISION

Our vision is to be at the forefront of our industry in bringing unique products to the people we serve. Our target products are carefully selected to ensure our resources, expertise and energy are focused on the opportunities that can bring the most benefit to all our partners and our community.

BRAND PORTFOLIO

MAKING SUCCESS STORIES OUT OF BRANDS

In a record 5-year span, TPM has built an unrivaled portfolio of international brands, whose products are now available across the Middle East. Hand-picked for their quality and brand essence, these products cover a broad category of day-to-day essentials.

BABY HEALTHCARE

CONSUMER PRODUCTS

BABY HEALTHCARE

In a category that is highly competitive and increasingly dependent on emotional triggers, TPM has established an edge with baby essentials – Humana - a range of products that are as close to nature as possible with proven effectiveness and trusted for quality worldwide.

Humana

From milk formula and weaning food to nutritional supplements and baby skin care products, Humana is one of the top German leaders in providing babies, toddlers and children with a high-quality product, based on the latest research. Humana cooperates closely with recognized specialists and pediatricians to offer products which meet the individual requirements of children according to their age and stage of development.

CONSUMER PRODUCTS

Everyday products with an innovative twist find their way into our set of product offerings that delight consumers and empower them to make healthier choices for an enhanced lifestyle.

Kalfany

The Kalfany company was founded in 1948, and it is the first German manufacturer of tinned candies. Today, more than two-thirds of all the tinned candies sold in Germany are produced by Kalfany Suesse Werbung GmbH & Co. KG.

PULMOLL

Pulmoll has been a tried and true throat and cough lozenge for 60 years. The soothing and good-tasting small lozenges packaged in the eye-catching tin quickly became one of the most successful tinned lozenge brands in Germany. Pulmoll lozenges combine traditional recipes with the benefits of natural ingredients

NETWORK

OPERATIONS & SUPPLY CHAIN

OUR SUPPLY CHAIN OFFERS A ONE-STOP TAILORED SOLUTION THAT CHANGES EVERYTHING

Our belief and strength come from the expertise and experience in supplying great brands and products safely, on time at the right prices in the markets.

We make it work a lot simpler for our supply partners when it comes to container order consolidation and market distribution through our reliable global logistics provider Kuehne & Nagel / Charles Kendall.

With our structured supply chain processes and ERP system implemented, we manage the operations using centralized invoicing and distribution from our logistics hub in Dubai fulfilling all the various markets needs with flexibility, speed and agility optimizing the cost and service.
